

Breakthrough Leadership Coaching

Leadership coaching nudges you out of your comfort zone, provides current tools and thinking, empowers you to grow, and is a powerful resource in your overall success. Leadership coaching is a rapid way to speed development, expand self-awareness, and achieve greater results in the areas that matter most to you.

Results you can expect:

- Identify your strengths, weaknesses, and opportunities in your work relationships
- Develop flexibility in actions, thoughts, and feelings to better handle any situation
- Take ground toward an inspired vision
- Master the keys to excellent communication
- Confront difficult situations with confidence
- Increased effectiveness and efficiency
- Greater ease and overall satisfaction at work and at home

Breakthrough Coaching Components:

- Partnering with a certified leadership coach
- Leadership Circle 360-degree feedback survey and printed report
- Enneagram Leadership Profile self-assessment and printed report
- 2-3 hour coaching intensive to debrief survey results and lay the foundation for coaching engagement
- 8 hours of additional 1:1 coaching sessions
- Creation of a coaching development plan
- Additional tools, materials, and resources provided based on your specific development needs
